

SETTING UP THE APPLICATION ENVIRONMENT

Create an Account in Sendgrid

DATE	27 October 2022
TEAM ID	PNT2022TMID34985
PROJECT NAME	Inventory Management System for Retailers

Create an Account in Sendgrid:

The screenshot shows a web browser window with the SendGrid welcome page. The browser's address bar shows the URL `app.sendgrid.com/guide?from=profile&integrate=true`. The page has a sidebar on the left with navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, and Settings. The main content area features a large blue banner with the text "Welcome, Dwaraka.!" and "To get up and running quickly, please follow the steps outlined below." Below this is a section titled "Send your first emails with Twilio SendGrid" and "Create a sender identity". The text explains that a sender identity is the "from" email address and recommends creating a Single Sender. There are two buttons: "Create a Single Sender" and "Authenticate a domain instead". An example email header is shown: "Your Business <jane.doe@your_business.com> to me". The browser's taskbar at the bottom shows the Windows logo, a search bar, and various application icons. The system tray on the right shows the date and time as 08:17 PM on 13-11-2022.
