Create IBM Cloud Account:

The screenshot displays the IBM Cloud Account settings interface. At the top, a notification bar indicates that the account is closed and provides instructions to reactivate it by adding a credit card or subscription code. The main content area shows the account name 'Dwaraka Kavya Sudha's Account' and its unique ID '058249e52cd547178ab372fbc804ef0'. Below this, the account type is listed as 'Lite (Free)'. The 'Account upgrade' section is visible, featuring a 'Pay-As-You-Go' option and a prompt to add a credit card to unlock full features. The left sidebar contains navigation links for various account management tasks, and the bottom of the screen shows a Windows taskbar with system information like temperature and time.
