Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

10 minutes

Team gathering

Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

Set the goal

Think about the problem you'll be focusing on solving in the brainstorming session.

Learn how to use the facilitation tools

Use the Facilitation Superpowers to run a happy and productive session.

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

5 minutes

PROBLEM

Being understocked is also one of the inventory management problems. One of the most common challenges in inventory management is preventing the overselling of products and running out of inventory. To overcome this problem we can find valuable solutions.

Key rules of brainstorming

To run an smooth and productive session

- Stay in topic.
- Encourage wild ideas.
- Defer judgment.
- Listen to others.
- Go for volume.
- If possible, be visual.

Brainstorm

Write down any ideas that come to mind that address your problem statement.

10 minutes

ABDUL HAKEEM

- To view the current stock levels and identify the products that are running out of stock.
- To follow the trend, selling price, rate of the product and identify the products that are running out of stock.
- To check the current stock levels and identify the products that are running out of stock.

SAJIN

- To view the current stock levels and identify the products that are running out of stock.
- To follow the trend, selling price, rate of the product and identify the products that are running out of stock.
- To check the current stock levels and identify the products that are running out of stock.

ABU THAHIR

- To view the current stock levels and identify the products that are running out of stock.
- To follow the trend, selling price, rate of the product and identify the products that are running out of stock.
- To check the current stock levels and identify the products that are running out of stock.

JESU RAJA

- To view the current stock levels and identify the products that are running out of stock.
- To follow the trend, selling price, rate of the product and identify the products that are running out of stock.
- To check the current stock levels and identify the products that are running out of stock.

TIP
You can select a sticky note and hit the pencil icon to start drawing!

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

20 minutes

TIP
Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20 minutes

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

Share the mural
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

Export the mural
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward

Strategy blueprint
Define the components of a new idea or strategy.

Customer experience journey map
Understand customer needs, motivations, and obstacles for an experience.

Strengths, weaknesses, opportunities & threats
Identify strengths, weaknesses, opportunities, and threats (SWOT) to develop a plan.
